**ORDINANCE NO. \_\_\_\_\_**

AN ORDINANCE GRANTING TO MIDWEST ENERGY, INC., A KANSAS CORPORATION, ITS SUCCESSORS AND ASSIGNS, A NATURAL GAS FRANCHISE PRESCRIBING THE TERMS THEREOF AND RELATING THERETO, AND REPEALING ALL ORDINANCES OR PARTS OF ORDINANCES INCONSISTENT WITH OR IN CONFLICT WITH THE TERMS THEREOF.

BE IT ORDAINED BY THE GOVERNING BODY OF THE CITY OF PHILLIPSBURG, KANSAS:

**Section 1.** That, in consideration of the benefits to be derived by the City of Phillipsburg, Kansas, and its inhabitants, hereinafter called "City", there is hereby granted to Midwest Energy, Inc., hereinafter called "Grantee" or "Company", its successors and assigns, the right to use and occupy the streets, avenues, alleys and other public places within the City of Phillipsburg, Kansas, for the purpose of constructing, installing, maintaining and operating a natural gas transmission and distribution system including mains, pipes, conduits, services and other necessary structures and appurtenances, in, under, upon, over, across, and along the streets, alleys, bridges, and public grounds within the present and future corporate limits of the City of Phillipsburg, Kansas, for the furnishing, transmission, distribution, and sale of natural gas, for heating, cooling, domestic, industrial and other purposes, and for transmitting natural gas into, through and beyond said City for a period of twenty (20) years from the date of passage of this Ordinance through the \_\_\_\_ day of \_\_\_\_\_, 2036.

**Section 2.** All mains, pipes, conduits and services shall be installed and maintained so as to interfere as little as practicable with traffic over the streets, alleys, bridges and public places of said City.

When Grantee shall do any work of construction, repair or maintenance of said system in the course of which any pavements, curbing or gutter upon any street, alley, bridge or public place shall be excavated, Grantee shall properly protect excavations and shall promptly restore such street, alley, bridge or public place as far as practicable to as good condition as before such work was done.

**Section 3.** That, in consideration of the rights and privileges hereby granted, said Grantee hereby undertakes and agrees to use reasonable effort to maintain good and adequate service to the City hereunder, but it is understood that the Company does not guarantee that the supply of natural gas will at all times be continuous and it is agreed that temporary cessation of Company's service hereunder occasioned by fire, explosion, flood, strike, insurrection, mob violence, governmental interference, breakdown or injury to machinery, or transmission or distribution lines or from other accidents or causes not reasonably within its control, shall not constitute a breach of this Ordinance or any obligation arising hereunder on the part of the Company; and, that Grantee shall not be liable to City for any damages resulting from such temporary cessation of service.

**Section 4.** That, in consideration of the rights and privileges hereby granted, said Grantee, its successors and assigns, shall locate its transmission and distribution lines in the streets, avenues, alleys and other public places in such manner as not to interfere with the use of said streets, avenues, alleys and public places. At times when City causes public improvements to

be made to any of the streets, avenues, alleys or other public places within the City that are occupied by Company's natural gas facilities, Company shall, at City request, relocate its natural gas facilities at Company's expense to conform to the City's planned improvement. If said Grantee is required to move, alter or rebuild any of its natural gas facilities not located on public right-of-way, the cost of moving, altering or rebuilding said facilities shall be borne by the requesting party. In the event City vacates or otherwise abandons City right-of-way on which Company facilities are located, or planned to be located, the Ordinance vacating or abandoning such City right-of-way shall provide City granted easement to Company.

**Section 5.** It is further agreed by the City and the Company, that the rates now in effect or such rates as may be approved by the proper governmental authority having jurisdiction over the Company, shall be deemed to be a reasonable schedule of maximum rates charged the City and its inhabitants for the service provided by the Company.

**Section 6.** Subject to any restriction placed on Company by regulatory authorities having jurisdiction over the Company in consideration of and as compensation for the granting of this franchise by the City of Phillipsburg, Kansas, and in lieu of any licenses, fees and occupation or other revenue taxes, Company shall collect from consumers and pay to the City an amount equal to \_\_\_\_\_ percent (\_\_\_%) of the gross revenue derived from the sales of natural gas and of \_\_\_ (\_\_) cents per therm for gas transported to any customer within the corporate limits of said City. Payment shall be made to the City monthly for the preceding monthly period.

The City shall have access to and the right to examine, at all reasonable times, all books, receipts, files, records and documents of Company necessary to verify the correctness of said payments.

Notwithstanding anything to the contrary in this franchise, the fee provided for in this Section 6 shall not become effective within any area annexed by the City until 30 days after the City provides the Company with a certified copy of the annexation ordinance, proof of publication as required by law, and a map of the city detailing the annexed area.

**Section 7.** Without affecting the other terms of this Ordinance, as further consideration for the rights and privileges hereby granted Company and subject to any restrictions placed on Company by regulatory authorities having jurisdiction over Company, Company agrees that the City will have the option to open the provision of Section 6 relating to the percentage applied to gross receipts derived from applicable natural gas sales. Six (6) months prior to the end of each 5-year period that this Ordinance is in existence, the Company and the City may renegotiate the percentage to be paid to the City during the succeeding 5-year period. If the Company and the City cannot reach a mutual agreement on said percentage during such 6-month period, this Ordinance shall become null and void.

**Section 8.** That the Company, its successors and assigns, in the construction, maintenance and operation of its natural gas transmission and distribution system, under the rights and privileges herein granted, shall exercise all reasonable and proper precaution to avoid damage or injury to persons or property, and shall hold and save harmless the City of Phillipsburg, Kansas, from any and all damage, injury and expense caused by the negligence of said Company, its successors and assigns, or its or their agents or servants.

**Section 9.** It is further provided that should any section or sections of this Ordinance be held null and void, or void or illegal by any court having jurisdiction in a proper action, such decision by such court shall not affect any other part of this Ordinance not passed upon by such court.

**Section 10.** That all ordinances or parts of ordinances in conflict with or inconsistent with this Ordinance are hereby repealed.

**Section 11.** This franchise is granted pursuant to the provisions of Article 20, Chapter 12, Kansas Statutes Annotated.

**Section 12.** The ordinance shall take effect and be in force from and after its passage and publication in The Advocate of Phillips County, the official city newspaper.

KS LEADERHSIP  
CENTER

Chance reported information was available concerning the Kansas Leadership Center.

DISC GOLF

Discussion was held concerning the disc golf course.

STREET SEALING Driggs reported the street sealing was complete.

KLINK PROJECT Driggs reported 2<sup>nd</sup> Street (Highway 183) mill and overlay was complete. Concrete work will begin soon.

COMM BLDG ROOF Driggs has reviewed the bids for the roof replacement. There is a significant difference between the insurance adjustment amount and the roof replacement cost. Driggs is waiting to hear back from the insurance company.

COMM BLDG GYM DOORS New doors for the community building gym have been ordered. The locks will be keyed so the keys cannot be duplicated without obtaining them from the city. Discussion was held concerning requiring renters to provide a deposit for keys.

WATER Filter #3 at the water plant has been repainted. Discussion was held concerning the recent water emergency due to the flooding at the water wells and Quanz reservoir. Driggs recommended reviewing the water emergency plan to allow for stricter enforcement for non-compliance.

PUBLIC WORKS Driggs reported on the work done by the public works department.

CODE ENFORCEMENT Driggs reported additional code enforcement notices have been sent out. Driggs voiced his concern with communication with the public and threats he has received at his home.

ARMORY Driggs told the Council the Kansas Department of Health & Environment believes the city did not comply with property restrictions on the armory property concerning construction. KDHE has asked the city to comply with the restrictions if further construction is done.

CEMETERY The spray used for bindweed at the cemetery seems to be helping. The Cemetery Committee has declined to plant trees at the cemetery at this time.

OLD POOL Discussion was held concerning use of the old pool property at the Fort Bissell Park. Additional information will be provided at the next meeting.

PLANNING The Planning Commission will meet at noon on September 21<sup>st</sup>.

For Immediate Release:

## **Dane G. Hansen Foundation to Offer County Clean-up Grants**

The Dane G. Hansen Foundation is pleased to announce a new grant opportunity for 26 counties in Northwest Kansas. The Foundation is offering up to \$20,000 per county in the Hansen service area for county clean-up initiatives.

The grants are designed to assist with efforts to beautify communities for current residents and to help with recruitment of new residents; to eliminate the financial barrier to clean-up projects such as land fill fees and equipment rental; and to promote community pride and encourage volunteerism.

The Hansen Foundation is partnering with the Greater Salina Community Foundation (GSCF) and the Greater Northwest Kansas Community Foundation (GNWKCF) to administer the grants. Applications will be made directly to GSCF or GNWKCF on their websites. A local advisory committee in each county will determine grant recipients.

The Hansen Foundation encourages a one-day event for all communities within a county. Local community foundations or grant advisory boards may elect to offer individual grants to communities instead, however the opportunity to host a community clean-up event with support from the Hansen grant *must* be offered to *every* community within a county.

Grants can be used for: equipment rental, dumpster rental, landfill fees, paint or other consumable supplies, and for support of volunteers. Grants are not intended for the removal of unsafe structures or landscaping projects.

Grants will be paid to the county or a sponsoring qualified organization in the form of reimbursement following the event.

Applications are available for Cheyenne, Decatur, Gove, Logan, Norton, Rawlins Sheridan, Sherman, Thomas and Wallace Counties through the Greater Northwest Kansas Community Foundation at [www.gnwkc.org](http://www.gnwkc.org), 785-734-2556.

Applications are available for Cloud, Ellis, Ellsworth, Graham, Jewell, Lincoln, Mitchell, Osborne, Ottawa, Phillips, Republic, Rooks, Russell, Saline, Smith and Trego Counties through the Greater Salina Community Foundation at [www.gscf.org](http://www.gscf.org), 785-823-1800.

Greetings:

Please refer to the attached letter from Merrill.

FAA is progressing with the requirement for showing that sales tax revenue from aviation fuel sales at your airport is being returned to the airport. The requirement applies to locations using federal AIP grants in order to satisfy the grant assurance against revenue diversion. And it applies to the state, too. We've agreed with FAA to develop a means of tracking the tax revenue to show that it does not exceed the \$5 million applied in full each year to airports through the Kansas Airport Improvement Program (KAIP). Our plan does require basic information from you, as described in Merrill's letter, but it also provides you with the basis for a mechanism to begin tracking local sales tax revenue from aviation fuel sales and show its return to the airport (if you don't already have a process in place). While this note is directed primarily to airport managers/overseers and city-county/airport authority officials, please share it with those FBO's who are the fuel retailers at your airport(s), as needed. (We've identified some FBO's at certain locations to include them now, but the friendly reminder is intended simply to cover any location we've missed.)

And thanks in advance for your help!

PS: The new e-mail address seen in the letter for me is scheduled to take effect this Friday, 9/16. If it doesn't work at first, the address below will remain available for about a year.

Thanks!

September, 2016

Greetings:

We would like to ask for your help in addressing requirements from FAA to document sales tax revenue from aviation fuel sales. By providing certain basic information, you'll also benefit by achieving compliance with FAA if using any federal grants for airport improvements.

Last month, FAA utilized the Federal Register to publish requirements to show that tax revenue from aviation fuel sales is being returned to airports instead of being used somewhere else: *"Under Federal law, airport operators that have accepted Federal assistance generally may use airport revenues only for airport-related purposes. Local taxes on aviation fuel are subject to airport revenue use requirements. State taxes on aviation fuel (imposed by either an airport sponsor or a non-sponsor) are subject to use either for a State aviation program or for airport-related purposes."* (Docket No. FAA-2013-0988)

FAA has set a deadline of December 2017 to submit "action plans" to track the tax revenue returned to airports. With the following information,

- Taxable sales of aviation fuel (sales tax collections) per quarter for CY 2016; retroactive to 1/1/2016 and furnished quarterly going forward from 10/1/16
- Your 5-character sales tax jurisdiction code
- Your federal Employer Identification Number (EIN)

...our plan is to show how KDOT continues to furnish more money to airports via the annual \$5 million allocated by statute to the Kansas Airport Improvement Program (KAIP) than what is typically the lesser amount collected in tax revenue. The Department of Revenue will use the information by applying state sales tax to show total tax revenues from aviation fuel sales in Kansas. Likewise, by using the sales tax collections, you can show the revenue collected from your airport fuel sales and isolate the figure from other tax collections. Then, by showing the money is used at the airport, you can avoid FAA objections—or enforcement—on revenue diversion.

This plan is a joint venture of KDOT and KDOR and required by FAA. Please furnish your information to Dennis O'Connor at [Dennis.OConnor@ks.gov](mailto:Dennis.OConnor@ks.gov) (KDOT) or [Amy.Kramer@ks.gov](mailto:Amy.Kramer@ks.gov) (KDOR). Thank you!

And please get in touch if we can help with any questions.

Sincerely,
